12723 AW Lambswool Contrast Cardigan, 11923 AW Merino Neck Warmer, 13523 AW Pants

OUR STORY

We design timeless knitwear for people who care – about our planet and about quality. Knitwear we hope you will appreciate and use for many seasons. Founded in Denmark in 2006, FUB is anchored in the minimalist aesthetics of the North. We are inspired by our Scandinavian knit heritage in both shape, stitches, and colors. Our collections offer contemporary styles in natural materials, created with special attention to details and fine craftsmanship. The colors range from soft naturals to bright seasonal shades.

The FUB woman collections present a range of high-quality knitwear in different weights and structures with refined considered details. From delicate base layers and soft everyday essentials to chunky sweaters and easy to wear bottoms. We value working with the best materials to ensure quality and durability. This autumn / winter collection is made from non-mulesed merino wool, pure lambswool and a raw slightly rougher wool. All our yarns are OEKO-TEX® certified and the garments are free from harmful chemicals. When buying a FUB product you can be sure to get a clean, contemporary, comfortable, and long-lasting piece of clothing.
